

1. Record Nr.	UNINA9911034854203321
Autore	Graham-Brown R. A. C (Robin A. C.)
Titolo	Lecture notes Dermatology // Robin Graham-Brown, Karen Harman, Graham Johnston ; with contribution from Matthew Graham-Brown
Pubbl/distr/stampa	Hoboken : , : John Wiley & Sons, Incorporated, , 2016 ©2017
ISBN	9781118887721 9781118887745 1118887743 9781118887776
Edizione	[11th ed.]
Descrizione fisica	1 online resource (223 pages)
Collana	Lecture Notes Ser.
Altri autori (Persone)	HarmanKaren JohnstonGraham <1968->
Disciplina	616.5
Soggetti	Dermatology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Intro -- Title Page -- Copyright Page -- Contents -- Preface -- Acknowledgements -- About the companion website -- Chapter 1 Structure and function of the skin, hair and nails -- Skin structure -- The epidermis -- The dermis -- Dermatoglyphics -- Functions of the skin -- Chapter 2 Approach to the diagnosis of dermatological disease -- Introduction -- The value of a diagnosis -- Dermatological diagnosis -- The steps to making a dermatological diagnosis -- Investigation -- Conclusion -- Chapter 3 Emergency dermatology -- Introduction -- Toxic epidermal necrolysis and Stevens-Johnson syndrome -- Erythroderma -- Clinical features -- Meningococcal septicaemia -- Necrotizing fasciitis -- Kaposi's varicelliform eruption (disseminated herpes simplex/eczema herpeticum) -- Angioedema (and anaphylaxis) -- Staphylococcal scalded skin syndrome -- Final word -- Chapter 4 Bacterial and viral infections -- Bacterial infections -- Streptococcal infection -- Staphylococcal infection -- Mycobacterial infection -- Atypical mycobacteria -- Viral infections -- Warts -- Herpes simplex -- Herpes zoster (shingles) -- Chapter 5 Fungal infections -- Dermatophyte infections -- Tinea pedis (athlete's foot) --

Tinea cruris -- Tinea corporis -- Tinea manuum -- Tinea unguium --
Tinea capitis -- Kerion -- Cattle ringworm -- Tinea incognita --
'Dermatophytide' reactions -- Diagnosis -- Treatment -- Mycetoma
(Madura foot) -- Candida infection -- Buccal mucosal candidiasis --
Angular cheilitis (perlèche) -- Chronic paronychia --
Balanoposthitis/vulvovaginitis -- Intertrigo -- Pityriasis versicolor --
Chapter 6 Ectoparasite infections -- Scabies -- Aetiology -- Clinical
features -- Diagnosis -- Treatment -- Crusted (Norwegian) scabies --
Pediculosis -- Head lice (*Pediculus capitis*) -- Clothing lice (*Pediculus
humanus*) -- Crab lice (*Phthirus pubis*) -- Papular urticaria -- Fleas.
Bed bugs (*Cimex lectularius*) -- Animal mites -- Ticks -- Chapter 7
Acne, acneiform eruptions and rosacea -- Introduction -- Acne
vulgaris and its variants -- Age of onset and course -- Psychological
impact -- Clinical features -- Individual lesions of acne -- Acne
fulminans (acne with systemic symptoms) -- Pathogenesis --
Treatment -- Management -- Assessment -- Secondary acne --
Hidradenitis suppurativa -- Acneiform disorders -- Chapter 8 Eczema
-- Clinical features -- Classification -- Exogenous eczema -- Primary
irritant contact dermatitis -- Allergic contact dermatitis -- Endogenous
eczema -- Atopic dermatitis -- Seborrhoeic dermatitis -- Discoid
eczema -- Varicose eczema (stasis dermatitis -- gravitational eczema)
-- Endogenous eczema of the palms and soles -- Asteatotic eczema --
Juvenile plantar dermatosis -- Chapter 9 Psoriasis -- Introduction --
Pathology -- Clinical patterns -- Classic plaque psoriasis -- Scalp
psoriasis -- Nail psoriasis -- Guttate psoriasis -- Flexural psoriasis --
Unstable or 'brittle' psoriasis -- Erythrodermic psoriasis -- Acute
pustular psoriasis (of von Zumbusch) -- Chronic palmoplantar
pustulosis (pustular psoriasis of palms and soles) -- Treatment --
Topical therapies -- Systemic therapies -- Treatment of clinical
patterns of psoriasis -- Chronic plaque psoriasis -- Scalp psoriasis --
Nail psoriasis -- Guttate psoriasis -- Flexural psoriasis -- Unstable or
'brittle' psoriasis -- Erythrodermic and acute pustular psoriasis --
Chronic palmoplantar pustulosis -- Arthropathic psoriasis -- Reiter's
syndrome -- Chapter 10 Benign and malignant skin tumours --
Classification of skin tumours -- General treatment principles for skin
tumours -- Surgical removal or biopsy -- Curettage and/or cautery --
Cryotherapy -- Radiotherapy -- Lasers and photodynamic therapy --
Specific tumours -- Benign epidermal tumours.
Epidermal cysts -- Benign melanocytic tumours -- Benign dermal
tumours -- Pseudo-tumours -- Dysplastic and malignant tumours --
Dysplastic/malignant epidermal tumours -- Dysplastic/malignant
melanocytic tumours -- Prevention of epidermal and melanocytic
malignancies -- Malignant dermal tumours -- Extension from deeper
tissues and metastases -- Chapter 11 Naevi -- Introduction -- Naevi
arising from cutaneous epithelium and 'organoid' naevi -- Epidermal
naevus -- Sebaceous naevus -- Melanocytic naevi -- Congenital --
Acquired -- Vascular naevi -- Vascular malformations -- Infantile
haemangiomas -- Other naevi -- Chapter 12 Inherited disorders --
The ichthyoses -- Ichthyosis vulgaris (autosomal dominant ichthyosis)
-- X-linked recessive ichthyosis -- Ichthyosiform erythroderma and
lamellar ichthyosis -- Epidermolytic hyperkeratosis -- Genetic
disorders of which ichthyosis is a component -- Acquired ichthyosis --
Treatment -- Collodion baby -- Palmoplantar keratoderma -- Darier's
disease (keratosis follicularis) -- Epidermolysis bullosa -- Ehlers-
Danlos syndrome -- Tuberous sclerosis complex -- Neurofibromatosis
-- Peutz-Jeghers syndrome -- Hereditary haemorrhagic telangiectasia
(Osler-Weber-Rendu disease) -- Basal cell naevus syndrome (Gorlin's
syndrome) -- Gardner's syndrome -- Ectodermal dysplasias --

Pseudoxanthoma elasticum -- Xeroderma pigmentosum --
Acrodermatitis enteropathica -- Angiokeratoma corporis diffusum
(Anderson-Fabry disease) -- Incontinentia pigmenti -- Chromosomal
abnormalities -- Chapter 13 Pigmentary disorders -- Introduction:
normal pigmentary mechanisms -- Hypo- and depigmentation --
Congenital -- Acquired -- Hyperpigmentation -- Congenital --
Acquired -- Chapter 14 Disorders of the hair and nails -- Introduction
-- Hair abnormalities -- Changes in the physical properties of scalp
hair -- Scalp hair loss.
Excessive hair and hair in abnormal sites -- Nail abnormalities --
Common disorders of the paronychium -- Chapter 15 Bullous
disorders -- Causes -- Physical causes of bullae -- Oedema --
Arthropods -- Drugs -- Skin disorders -- Linear IgA disease -- Rarer
blistering diseases -- Porphyria cutanea tarda -- Toxic epidermal
necrolysis -- Bullous erythema multiforme (Stevens-Johnson syndrome)
-- Chapter 16 Miscellaneous erythematous and papulosquamous
disorders, and light-induced skin diseases -- Urticaria and angioedema
-- Clinical features -- Clinical forms of urticaria and angioedema --
Treatment of urticaria -- Erythema multiforme -- History -- Aetiology
-- Examination -- Treatment -- Stevens-Johnson syndrome --
Erythroderma (exfoliative dermatitis) -- Erythema nodosum -- Lichen
planus -- Sites of predilection -- Clinical features -- Aetiology --
Treatment -- Lichen sclerosus -- Sites of predilection -- Clinical
features -- Complications -- Childhood disease -- Disease in males --
Treatment -- Pityriasis rosea -- Clinical features -- Treatment --
Atypical pityriasis rosea -- Pityriasis lichenoides -- Pityriasis rubra
pilaris -- Miliaria or 'prickly heat' -- Pregnancy rashes -- Light-induced
skin disease -- Sunburn -- Polymorphic light eruption -- Actinic
prurigo -- Juvenile spring eruption -- Photosensitive eczema and
chronic actinic dermatitis -- Porphyrias -- Pellagra -- Xeroderma
pigmentosum -- Phytophotodermatitis -- Light-induced drug reactions
-- Disorders exacerbated by light -- Chapter 17 Vascular disorders --
Leg ulcers -- Venous leg ulcers -- Ischaemic ulcers -- Vasculitic ulcers
-- Neoplastic ulcers -- Haematological disorders and leg ulcers --
Vasculitis -- Small vessels -- Larger vessels -- Other disorders
involving blood vessels -- Behçet's disease -- Pyoderma gangrenosum
-- Perniosis (chilblains) -- Chapter 18 Connective tissue diseases.
Lupus erythematosus -- Discoid lupus erythematosus -- Systemic
lupus erythematosus -- Subacute cutaneous lupus erythematosus --
Antiphospholipid syndrome -- Neonatal lupus erythematosus -- Drug-
induced systemic lupus erythematosus -- Dermatomyositis -- Skin --
Muscles -- Investigations -- Treatment -- Scleroderma -- Morphoea
-- Systemic sclerosis and CREST syndrome -- Chemically induced
scleroderma -- Pseudoscleroderma -- Nephrogenic systemic fibrosis
-- Chapter 19 Pruritus -- Mechanisms of pruritus -- Causes of pruritus
-- Localized pruritus -- Generalized pruritus -- 'Senile' pruritus --
Chapter 20 Systemic disease and the skin -- Endocrine disease --
Diabetes -- Granuloma annulare -- Thyroid disease -- Hypothyroidism
-- Hyperthyroidism -- Adrenal disease -- Cushing's syndrome --
Addison's disease -- Rheumatic diseases -- Gout -- Still's disease --
Rheumatoid arthritis -- Rheumatic fever -- Reiter's disease (reactive
arthritis) -- Vitamin deficiency -- Scurvy -- Pellagra -- Inflammatory
bowel disease -- Hyperlipidaemia -- Amyloidosis -- Sarcoidosis --
Liver disease and the skin -- Cutaneous manifestations of systemic
malignancy -- Cutaneous metastases -- Miscellaneous cutaneous signs
of underlying malignancy -- Leukaemia and the skin -- Purpura --
AIDS and the skin -- Chapter 21 Skin and the psyche -- Dermatitis
artefacta -- Dermatological pathomimicry -- Body dysmorphic disorder

(dermatological non-disease -- dysmorphophobia) -- Delusions of parasitosis -- Obsessive-compulsive habits -- Trichotillomania -- Pathological skin-picking -- Compulsive handwashing -- Chapter 22 Cutaneous drug reactions -- Introduction -- Drug reaction patterns -- Exanthematic eruptions -- Urticaria and anaphylaxis -- Eczema -- Erythroderma -- Vasculitis -- Fixed drug eruptions -- Lichen planus-like eruptions -- Erythema multiforme. Stevens-Johnson syndrome and toxic epidermal necrolysis.

Sommario/riassunto

"A very well written introductory dermatology text with excellent clinical photographs and diagrams. We would highly recommend this for those wishing to grasp the basic concepts in dermatology." British Journal of Dermatology
Dermatology Lecture Notes presents an accessible overview of skin structure and function, along with the practical aspects of disease management. Now in its 11th edition, it has been thoroughly updated to focus on recent advances in the knowledge of skin diseases and their treatment. It combines readability with high quality illustrations, and is the ideal guide for new comers to the specialty as well as those more advanced in their studies. Key features include: - An overview of the basics of skin structure and function, as well as practical aspects of disease management - Excellent clinical photographs, diagrams and histological images - Newly expanded and updated sections on benign skin tumours, viruses, emergency dermatology (skin failure in particular) and vascular disorders - Includes a companion website at www.lecturenoteseries.com/dermatology featuring self-assessment and case studies With beautiful colour artwork throughout, Dermatology Lecture Notes includes a glossary of dermatological terms, and provides an excellent balance between theory and clinical relevance.
