1.	Record Nr.	UNINA9911035053703321
	Autore	Firouzi Ata
	Titolo	Mastering Skills in Complex Cardiovascular Interventions : A Case-Based Approach / / edited by Ata Firouzi, Zahra Hosseini, Azin Alizadehasl
	Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2025
	ISBN	9783031973215 9783031973208
	Edizione	[1st ed. 2025.]
	Descrizione fisica	1 online resource (427 pages)
	Collana	Medicine Series
	Altri autori (Persone)	HosseiniZahra AlizadehaslAzin
	Disciplina	617.412
	Soggetti	Heart - Surgery Cardiology Cardiovascular system Physiology Cardiac Surgery Cardiovascular Physiology
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Nota di contenuto	Introduction -- Coronary artery intervention -- Primary PCI -- Calcified lesions -- LM lesions -- Bifurcation lesions -- Ostial lesions -- Chronic Total Occlusion lesions -- Post CABG lesions -- PCI in high risk patients -- Complex congenital structural heart intervention -- Trans-catheter valvular intervention -- Complications -- Imaging.
	Sommario/riassunto	This book presents a collection of cases in which advanced cardiology interventional procedures have been used to manage a range of clinical scenarios. Chapters detail how to perform each procedure in an easy-to-follow step-by-step format, and go on to describe potential pitfalls and how to incorporate relevant imaging techniques. For every technique described, key procedural points are provided to assist the reader in developing an understanding of how to manage these situations. Topics covered include coronary artery interventions for calcified lesions, chronic total occlusion lesions and transcatheter valvular interventions. Mastering Skills in Complex Cardiovascular

Interventions: A Case-Based Approach is a practically applicable guide on how to utilize a range of advanced interventional cardiology techniques, making it an indispensable reference for all trainee and practicing interventional cardiology practitioners, cardiac surgeons and all cardiovascular professionals.
