

1. Record Nr.	UNINA9911038525503321
Autore	Tripathi Nishith D
Titolo	3GPP-Based Non-Terrestrial Networks in 5G And 6G : Expanding the Frontiers of Wireless Communications
Pubbl/distr/stampa	Newark : , : John Wiley & Sons, Incorporated, , 2025 ©2026
ISBN	9781394203390
Edizione	[1st ed.]
Descrizione fisica	1 online resource (352 pages)
Altri autori (Persone)	ReedJeffrey H
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Self-contained resource on fundamental concepts and the planning, provisionining, design, and operations of 3GPP-based NTNs 3GPP-based Non-Terrestrial Networks in 5G and 6G: Expanding the Frontiers of Wireless Communications provides an overview of Non-Terrestrial Networks (NTNs) in the context of 3GPP systems such as 4G LTE and 5G NR.
