1. Record Nr.   UNINA9911046228003321

   Autore   Wang Jun

   Titolo   Spiking Neural P Systems for Time Series Analysis

   Pubbl/distr/stampa   Newark : , : John Wiley & Sons, Incorporated, , 2025
                        ©2025

   ISBN   1-394-38159-X
                        1-394-38160-3

   Edizione   [1st ed.]

   Descrizione fisica   1 online resource (239 pages)

   Soggetti   COMPUTERS / Computer Engineering
                        MATHEMATICS / Probability & Statistics / Time Series
                        TECHNOLOGY & ENGINEERING / Signals & Signal Processing

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Sommario/riassunto   An up-to-date and accurate discussion of spiking neural P systems in
                        time series analysis In Spiking Neural P Systems for Time Series
                        Analysis, the authors explore the fundamentals and the current states
                        of both spiking neural P systems and time series analysis, examining
                        the application models of time series analysis.
