   Livello bibliografico Monografia

   Sommario/riassunto Artificial Intelligence (AI) is revolutionizing the education industry,
                     particularly in understanding and enhancing student learning
                     engagement in online learning.The book aims to get an in-depth
                     exploration into a three-stage framework of AI-enabled learning
                     engagement analysis, which provides effective tools and methodologies
                     for education.
