

1. Record Nr.	UNINA9911046548303321
Autore	Ismail Azman
Titolo	Advancements in Industry and Technology // edited by Azman Ismail, Fatin Nur Zulkipli, Darulihzan Abdul Hamid, Andreas Öchsner
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2026
ISBN	3-031-97931-1
Edizione	[1st ed. 2026.]
Descrizione fisica	1 online resource (189 pages)
Collana	SpringerBriefs in Applied Sciences and Technology, , 2191-5318
Disciplina	620.0042
Soggetti	Engineering design Technological innovations Physics Engineering Design Innovation and Technology Management Applied and Technical Physics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Polytechnic students perceptions towards online examination a case study -- Digitalization of the Marine navaid monitoring system in the straits of malacca and malaysian waters -- Impact of socio cultural aspects and their role in influencing communication abilities of students -- Investigation of radiation attenuation of co shielding materials for pipe inspection gauge application -- The rise of behavioral dimension in social sciences -- Positive negative or inconclusive relationship between shareholders wealth creation and corporate social responsibility a systematic literature review -- Optimizing investment portfolio selection with the hybrid conjugate gradient method -- Investigation of leakage inside an underground pipeline using the smart nuclear technique -- A comparative total cost of ownership analysis of diesel tugboat dual fuel tug boat and electric tug boat for lng carrier escorting activities in indonesia -- Wireless communication street lights via long range technology -- Classification of customer decision factors using sea transportation mode using the gath geva algorithm method -- Electromyography finger movement classification -- Awareness of maritime piracy in the sulu sea among

nautical students -- Factors contributing towards effective maritime simulator training a systematic literature review -- Assessment and mitigation of seafarers fatigue among singapore bunker tanker crews -- Ai and access to justice digital gap debunked.

Sommario/riassunto

This book provides a comprehensive exploration of the dynamic landscape of modern advancements across diverse sectors. It is aimed at professionals, researchers, and policymakers as it serves as a valuable resource for understanding and navigating the evolving landscape of industry and technology in the modern era.
