Sommario/riassunto	This book, 'Jewishness and Beyond: Jewish Conversions in Hungary 1825-1914' by Miklós Konrád, explores the historical, social, and cultural dynamics of Jewish conversions in Hungary during the 19th and early 20th centuries. It examines the factors leading to conversions, including social pressures and the changing role of religion in society. The book discusses how the Jewish community's integration into Hungarian society was influenced by the European Enlightenment and Jewish Haskalah. The author provides an in-depth analysis of the motivations behind conversions, the societal reactions, and the long-term impacts on both individuals and the Jewish community as a whole. Intended for scholars and students of Jewish

history and Hungarian studies, the book offers a comprehensive overview of a complex period marked by significant shifts in identity and belonging.
