### Sommario/riassunto

This book examines Nigeria's role in the global politics of the last century. Written from various perspectives, each contributor brings to bear his or her discipline and insight to this topic. The links between internal and external factors and the relationship between internal developments and external reactions are carefully examined. This exploration of Nigeria's recent past will provide the essential background needed to understand Nigeria's role in global politics in the present time.

### Sommario/riassunto

Stravinsky in the Americas explores the "pre-Craft" period of Igor Stravinsky's life, from when he first landed on American shores in 1925 to the end of World War II in 1945. Through a rich archival trove of ephemera, correspondence, photographs, and other documents, eminent musicologist H. Colin Slim examines the twenty-year period that began with Stravinsky as a radical European art-music composer and ended with him as a popular figure in American culture. This collection traces Stravinsky's rise to fame-catapulted in large part by his collaborations with Hollywood and Disney and marked by his extra-marital affairs, his grappling with feelings of anti-Semitism, and his encounters with contemporary musicians as the music industry was emerging and taking shape in midcentury America. Slim's lively narrative records the composer's larger-than-life persona through a close look at his transatlantic tours and domestic excursions, where Stravinsky's personal and professional life collided in often-dramatic ways.
