Titolo	Towards a New Definition of Terrorism : Challenges and Perspectives in a Shifting Paradigm / / by Katarzyna Maniszewska
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2024
ISBN	9783031587191 9783031587184
Edizione	[1st ed. 2024.]
Descrizione fisica	1 online resource (159 pages)
Collana	Contributions to Security and Defence Studies, , 2948-2291
Disciplina	327.117 363.325
Soggetti	Terrorism Political violence Security, International Peace Politics and war Terrorism and Political Violence International Security Studies Peace and Conflict Studies Military and Defence Studies
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chapter 1. Introduction -- Chapter 2. One Man's Terrorist -- Chapter 3. Shifting Paradigm of Terrorism -- Chapter 4. Countering Terrorism: Key Challenges and Proposed Solutions -- Chapter 5. Descriptive Matrix Proposal -- Chapter 6. Perspectives on Terrorism. Expert interviews -- Chapter 7. Conclusion.
Sommario/riassunto	This book addresses critical questions in the field of terrorism studies that have long eluded consensus in the international community. It discusses why there is an abundance of definitions of terrorism and, on the other hand, the absence of a standard definition of terrorism reflected at the international level, shedding light on the elusive boundaries for achieving a global consensus. The book's two compelling hypotheses pave the way for a fresh perspective on

counterterrorism efforts. Firstly, the need for new legal frameworks that adapt to the evolving nature of terrorism, encompassing state-sponsored terrorism. Secondly, by examining the historical roots of terrorism, this book uncovers patterns that could reshape future counterterrorism strategies. Drawing on interviews with 20 leading experts in terrorism studies from diverse backgrounds and regions, this book provides invaluable insights and ensures a well-rounded examination of the subject. It will appeal to students, scholars, and researchers of security studies, political science, international relations, and terrorism studies in particular, as well as policy-makers interested in exploring the complexities of countering terrorism in our ever-changing world.

Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [225]-265) and index.
Nota di contenuto	Contents ; Preface ; 1. The Los Angeles Riots, the Korean American Story ; 2. Reckoning via the Riots ; 3. Diaspora Formation: Modernity and Mobility ; 4. Mapping the Korean Diaspora in Los Angeles ; 5. Korean American Entrepreneurship ; 6. American Ideologies on Trial ; Conclusion ; Notes ; References ; Index
Sommario/riassunto	No one will soon forget the image, blazed across the airwaves, of

armed Korean Americans taking to the rooftops as their businesses went up in flames during the Los Angeles riots. Why Korean Americans? What stoked the wrath the riots unleashed against them? *Blue Dreams* is the first book to make sense of these questions, to show how Korean Americans, variously depicted as immigrant seekers after the American dream or as racist merchants exploiting African Americans, emerged at the crossroads of conflicting social reflections in the aftermath of the 1992 riots. The situation of Los Angeles's Korean Americans touches on some of the most vexing issues facing American society today: ethnic conflict, urban poverty, immigration, multiculturalism, and ideological polarization. Combining interviews and deft socio-historical analysis, *Blue Dreams* gives these problems a human face and at the same time clarifies the historical, political, and economic factors that render them so complex. In the lives and voices of Korean Americans, the authors locate a profound challenge to cherished assumptions about the United States and its minorities. Why did Koreans come to the United States? Why did they set up shop in poor inner-city neighborhoods? Are they in conflict with African Americans? These are among the many difficult questions the authors answer as they probe the transnational roots and diversity of Los Angeles's Korean Americans. Their work finally shows us in sharp relief and moving detail a community that, despite the blinding media focus brought to bear during the riots, has nonetheless remained largely silent and effectively invisible. An important corrective to the formulaic accounts that have pitted Korean Americans against African Americans, *Blue Dreams* places the Korean American story squarely at the center of national debates over race, class, culture, and community.

Table of Contents: Preface The Los Angeles Riots, the Korean American Story Reckoning via the Riots Diaspora Formation: Modernity and Mobility Mapping the Korean Diaspora in Los Angeles Korean American Entrepreneurship American Ideologies on Trial Conclusion Notes References Index

Reviews of this book: *Blue Dreams*--a poetic allusion to the clear blue sky that Koreans see as a symbol of freedom--is a welcome exploration by outsiders into the vexing and largely invisible Korean-American predicament in Los Angeles and the nation. [Abelmann and Lie 's] colorful interview subjects offer sharp observations.--K.W. Lee, *Los Angeles Times*

Reviews of this book: An informed and thoughtful examination of Korean immigration to the United States since 1970.[Abelmann and Lie] show that even in a period as short as twenty-five years, there have been successive waves of differently motivated, differently resourced Korean immigrants, and their experiences and reactions have differed accordingly.--Michael Tonry, *Times Literary Supplement*

Reviews of this book: [The authors'] transnational perspective is particularly effective for explicating Korean immigrants' behaviors, activities, and feelings. Interesting and readable.--Pyong Gap Min, *American Journal of Sociology*

Reviews of this book: Beginning with a poetic book title, the authors recount in depth as to how the 'Blue Dreams' of the Korean-American merchants in East Los Angeles had shattered in the midst of [the] 1992 riot that turned out to be 'elusive dreams' in America. The book not only portrays the L.A. riot surrounding the Korean merchants, but also characterizes diaspora of the Koreans in America. The authors have also examined with scholarly insights the more complex socioeconomic and political underplay the Koreans encountered in their 'Promised New Land'.--Eugene C. Kim, *International Migration Review*

Sommario/riassunto

This book is a collection of high-quality research papers presented at 8th Euro-China Conference on Intelligent Data Analysis and Applications, hosted by Minnan Science and Technology College, China and technically co-sponsored by Nanjing University of Information Science and Technology, China. The book covers areas like intelligent data analysis, computational intelligences, signal processing, and all associated applications of artificial intelligence.
