

1. Record Nr.	UNINA9911047684103321
Autore	Lim Chee Peng
Titolo	Artificial Intelligence in Diagnostics and Imaging Technologies in Healthcare : In honour of Professor Dr. George A. Tsirhrintzis for his Invaluable Contributions / / edited by Chee Peng Lim, Ajita Jain, Lakhmi C. Jain
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2026
ISBN	3-031-98149-9
Edizione	[1st ed. 2026.]
Descrizione fisica	1 online resource (295 pages)
Collana	Intelligent Systems Reference Library, , 1868-4408 ; ; 281
Altri autori (Persone)	JainAjita JainLakhmi C
Disciplina	006.3
Soggetti	Computational intelligence Biomedical engineering Artificial intelligence Medical informatics Computational Intelligence Biomedical Engineering and Bioengineering Artificial Intelligence Health Informatics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Self-supervised and disease management system for diabetic retinopathy detection -- GAN-enhanced Abdominal MR-CT Image Fusion in Transform Domain -- U-Net with Attention for the Automatic Segmentation of the Major Temporal Arcade in Retinal Fundus Images -- Harnessing Few-Shot Learning Segmentation for Histopathology: A Comprehensive Practical Study -- Healthcare Applications of Object Detection for Tumor Detection Across Diverse Medical Imaging -- Automatic Multilabel Classification of Coronary Stenosis using Lightweight Deep Learning Techniques.
Sommario/riassunto	This book brings together cutting-edge research and innovative applications of artificial intelligence, machine learning, wearable technologies and decision support systems in modern healthcare. The

chapters demonstrate how these artificial intelligence innovations are driving next-generation healthcare solutions. The chapters present diverse clinical applications through advanced artificial intelligence approaches in diagnostics, treatment, rehabilitation and healthcare management, with a strong emphasis on patient-centred solutions. This book is directed to students, professors, researchers, practitioners in the field of healthcare, engineering, computer science and related areas.
