

1. Record Nr.	UNINA9911049067203321
Autore	Fromme Hermann
Titolo	Human Biomonitoring II : Levels and Toxicokinetics of Environmental and Industrial Chemicals in Blood, Urine and Breast Milk
Pubbl/distr/stampa	Cham : , : Springer, , 2025 ©2026
ISBN	3-032-10036-4
Edizione	[1st ed.]
Descrizione fisica	1 online resource (627 pages)
Collana	Chemistry and Materials Science Series
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book explores human biomonitoring (HBM) as a method to evaluate chemical exposure and its related health effects, with a specific focus on environmental and industrial chemicals.
