

1. Record Nr.	UNINA9911054588403321
Autore	Fromme Hermann
Titolo	Human Biomonitoring I : Levels and Toxicokinetics of Short Half-Life Chemicals and Mycotoxins in Blood, Urine and Breast Milk
Pubbl/distr/stampa	Cham : , : Springer, , 2025 ©2026
ISBN	3-032-06538-0
Edizione	[1st ed.]
Descrizione fisica	1 online resource (600 pages)
Collana	Chemistry and Materials Science Series
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book explores human biomonitoring (HBM) as a method to evaluate chemical exposure and its related health effects, with a specific focus on short half-life chemicals and mycotoxins.
