

1. Record Nr.	UNINA9911056829503321
Autore	Wypych Anna
Titolo	Databook of Nucleating Agents
Pubbl/distr/stampa	Chantilly : , : ChemTec Publishing, , 2026 ©2026
ISBN	1-77467-077-1
Edizione	[3rd ed.]
Descrizione fisica	1 online resource (164 pages)
Disciplina	668.9
Soggetti	Materials science Polymers
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Databook of Nucleating Agents, Third Edition gives engineers and materials scientists the information they need to increase the production rate, modify structure and morphology, and reduce the haze of polymeric products through proper selection of nucleating and clarifying agents.
