

1. Record Nr.	UNINA9911061839603321
Autore	Sarbu Ioan
Titolo	Advances in District Heating Systems and Integrating Renewables : Fundamentals, Experiments, and Applications
Pubbl/distr/stampa	Cham : , : Springer, , 2026 ©2026
ISBN	9783032127846
Edizione	[1st ed.]
Descrizione fisica	1 online resource (641 pages)
Collana	Green Energy and Technology Series
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book offers comprehensive coverage of the modern energy challenge of integrating renewable energy sources into district heating (DH) systems. It presents a high level of scientific and technical detail, grounded in original research and a synthesis of consistent bibliographic material.
