Sommario/riassunto	This book presents the selected, peer-reviewed proceedings of the 2025 International Conference on AI-enabled Digital Creative Design (AIEDCD), held in Suzhou, China, on August 29-31, 2025. Contributions focus on AI-driven creative generation and innovative design, design process optimization and human-machine collaboration, and user experience and interaction innovation. Through breaking down the barriers between disciplines, they foster a framework of scientific knowledge, expertise, and best practices to create the future of digital creative design.
