

1. Record Nr.	UNINA9911069822903321
Autore	Rassias Themistocles M
Titolo	Functional Equations and Ulam's Problem
Pubbl/distr/stampa	Cham : , : Springer, , 2025 ©2026
ISBN	3-032-08949-2
Edizione	[1st ed.]
Descrizione fisica	1 online resource (721 pages)
Collana	Mathematics and Statistics Series
Altri autori (Persone)	Rassias
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	The aim of this volume, Functional Equations and Ulam's Problem, is to publish a well-balanced collection of works devoted to the domain of functional equations with emphasis on stability results associated with Ulam's problem for approximate homomorphisms. This area has been a source of active and vibrant research for more than five decades.
