Sommario/riassunto

The notion of stratification has played an important role in linguistics and evolutionary studies for some time, but its role in cognitive science has not yet been well articulated and identified. What is meant by stratification? What is the role and value of stratification in the contemporary study of cognition and consciousness? This collective volume speaks to these questions. The twelve articles in the book cover a range of relevant issues including (a) the vertical dimension and modularity of visual processing, search and attention, (b) the stratification of encoding and retrie

Sommario/riassunto

Nahum Sarna's distinctive and original scholarship has taken in a wide range of subject areas from work on Genesis and the Psalms to his Jewish Bible commentary and the English translation of the Ketuvim. At first Assistant Professor of Bible at the Jewish Theological Seminary of America in the 1950's, he was Dora Golding Professor of Bible at Brandeis University from 1965 to his retirement. This collection of 22 essays reflects Professor Sarna's breadth of interests, with contributions from the late Gershon Cohen on the Hebrew Crusade Chronicle and the Ashkenazic tradition; Judah Goldin on...
