Sommario/riassunto	About the Book: Of late, academicians of technical education have felt the importance of ``Management`` and ``Entrepreneurship``. Engineers need to manage their departments/sections/subordinates, and Entrepreneurship helps the large pool of technical manpower in developing small-scale industries in high tech areas thereby contributing to the economy of the country. This book covers both `Management` and `Entrepreneurship`. The first chapters of this book deal with Management, Planning, Organizing and Staffing, Directing and Controlling. The last four chapters deal with Entrepreneurship, Small
