| Nota di contenuto       | The road to Hollywood -- The Disney golden age -- Trouble in<br>Fantasyland -- Disney and the American century.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Sommario/riassunto      | The Magic Kingdom sheds new light on the cultural icon of "Uncle<br>Walt." Watts digs deeply into Disney's private life, investigating his<br>roles as husband, father, and brother and providing fresh insight into<br>his peculiar psyche-his genuine folksiness and warmth, his<br>domineering treatment of colleagues and friends, his deepest<br>prejudices and passions. Full of colorful sketches of daily life at the<br>Disney Studio and tales about the creation of Disneyland and Disney<br>World, The Magic Kingdom offers a definitive view of one of the most<br>influential Americans of the twentieth century. |
