

1. Record Nr.	UNINA9911109301903321
Autore	Eggink Eric
Titolo	A practical guide to engineering, procurement and construction contracts / / Eric Eggink
Pubbl/distr/stampa	Abingdon, Oxon ; ; New York, NY : , : Routledge, , 2020
ISBN	1-00-302637-0 1-000-02972-7 1-000-02764-3 1-003-02637-0 9781003026372
Edizione	[1st ed.]
Descrizione fisica	1 online resource (177 pages)
Collana	Practical construction guides
Disciplina	624.068 343.07862
Soggetti	Engineering contracts
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Introduction -- Main Causes of Disputes in Construction Projects -- The Conception of an Idea for a Project -- The Employer's Requirements, the Conceptual Design and the Contract Conditions -- The Tendering for and Negotiating of a Contract -- The Basic Design and Engineering -- The Procurement of Services and Materials -- Construction -- Delays -- Testing the Works -- Taking-Over by the Owner -- Defects Liability Period -- Contract Management -- Working in a Consortium or a Joint Venture on a Project and the Difference Between the Two -- The Power Structure of a Joint Venture and a Consortium and the Decision-Making Process
Sommario/riassunto	"This book is a step-by-step practical guide on how to achieve successful projects in EPC/turnkey contracting and construction. Mapping out the shape of a project, the book spells out where things often go wrong, where and why disputes arise, and how to avoid conflicts. It is a key reference point for all involved in the contract, making it attractive to legal practitioners, construction industry professionals, and government officials involved with these projects"--

Soggetti	Obesity - Surgery Morbid obesity - Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Foreword (by Michael G. Sarr, Mayo Clinic, USA); Chapter 1 Indications for Bariatric Surgery and Selecting the Appropriate Procedure John B. Dixon; Chapter 2 Anaesthesia in Bariatric Surgery Ernesto Pizzirani and Giuseppe Calcarella; Chapter 3 Intragastric Balloon (BIB®) in the Management of Morbid Obesity Disease Alfredo Genco, Roberta Maselli and Nicola Basso; Chapter 4 Laparoscopic Adjustable Gastric Banding Gianni Segato, Nadey Hakim, Maurizio De Luca and Franco Favretti Chapter 5 Long-Term Results in Laparoscopic Adjustable Gastric Banding (LAP-BAND®) for Obese Patients Maurizio De Luca, Luca Busetto, Gianni Segato, Nadey S. Hakim and Franco FavrettiChapter 6 Laparoscopic Adjustable Gastric Banding (LAP-BAND®): Diagnosis, Prevention and Treatment of Complications Maurizio De Luca, Luca Busetto, Gianni Segato, Nadey S. Hakim and Franco Favretti; Chapter 7 Roux-en-Y Gastric Bypass Bruno Dillemans and Sebastiaan Van Cauwenberge; Chapter 8 New Technologies in Bariatric Surgery Matthias Lannoo and Andre D'Hoore

Chapter 9 Imaging of Complications After Bariatric Surgery Jose C. Varghese and Shuvro H. Roy-ChoudhuryChapter 10 Sequential Treatment of Obesity Maurizio De Luca, Luca Busetto, Gianni Segato and Franco Favretti; Chapter 11 Bariatric Surgery: When the Miracle is Not Enough Melodie K. Moorehead; Chapter 12 Effects of Bariatric Surgery on Co-Morbidities Sebastiaan Van Cauwenberge and Bruno Dillemans; Chapter 13 Impact on Life Expectancy After Bariatric Surgery Luca Busetto, Elisa Calo', Marco Mazza and Giuliano Enzi; Index

Sommario/riassunto

Over the last two decades, obesity has reached epidemic proportions in the world, resulting in suffering and premature death. Morbid obesity is a chronic medical illness that has long-reaching consequences and is caused by multiple factors. Bariatric surgery and other non-invasive procedures in carefully selected patients are effective treatments for obesity. It is the only tool for sustained and effective long-term weight loss. The field of surgery is developing rapidly - offering innovative options for patients who have failed to lose weight by diet, exercise and pharmacological methods. The
