

1. Record Nr.	UNINA9911127460003321
Autore	Zhang Lei
Titolo	Proceedings of the 13th International Conference on Information Systems and Computing Technology : Volume 1
Pubbl/distr/stampa	Singapore : , : Springer, , 2026 ©2027
ISBN	9789819544486
Edizione	[1st ed.]
Descrizione fisica	1 online resource (551 pages)
Collana	Lecture Notes in Networks and Systems Series ; ; v.1715
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This proceedings volume highlights the latest advancements in information systems and computing technology, showcasing innovative research and practical applications. Readers will find valuable insights into emerging technologies such as machine learning, deep learning, knowledge graphs, and UAV-based solutions.
