

1. Record Nr.	UNINA9911095041903321
Autore	Hoffman Ruth
Titolo	Apache OFBiz cookbook / / Ruth Hoffman
Pubbl/distr/stampa	Birmingham [England], : Packt Pub., 2010
ISBN	9786612779220 9781282779228 1282779222 9781847199195 1847199194
Edizione	[1st ed.]
Descrizione fisica	1 online resource (300 p.)
Collana	Open source : community experience distilled
Disciplina	006.76
Soggetti	Business - Computer programs Business - Data processing Business logistics - Computer programs
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Over 60 simple but incredibly effective recipes for taking control of OFBiz." Includes index.
Nota di contenuto	Cover; Copyright; Credits; About the Author; About the Reviewers; Table of Contents; Preface; Chapter 1:Getting Started; Introduction; Getting the project code; Getting code from the Subversion repository; Fixing IP port collision errors; The JAVA_HOME setting; ""Class Not Found"" errors; Installation verification; SSL verification; Running JUnit tests; Locating a OFBiz Component; Locating an OFBiz Application; Chapter 2:Java Development; Introduction; Java runtime CLASSPATH; Java compile time CLASSPATH; Naming conventions; Writing OFBiz Java Events; Writing OFBiz Java Services Debugging using the logfileCalling OFBiz Services from a Java program; Getting and validating request parameters (Events); Getting and validating request parameters (Services); Managing error messages; Using Java properties files; Sending e-mail from an OFBiz Event or Service; Handling XML files; Chapter 3:The User Interface; Introduction; Creating HTML web pages; Adding actions to Screen widgets; HTML markup in Screen widgets; CSS styling in Screen widgets; Platform-

specific widgets; OFBiz Tree widgets; OFBiz Menu widgets; OFBiz Form widgets; Creating web pages using FreeMarker
Passing Screen widget parameters to FreeMarker
Calling Java methods from FreeMarker; Forcing FreeMarker to render HTML markup; Uploading files in FreeMarker forms; Chapter 4:OFBiz Services; Introduction; Managing existing OFBiz Services; Calling a Service from an HTML form; Calling asynchronous Services from HTML forms; Calling a Service many times from an HTML form; Creating a new Service definition file; Creating a new Service definition; Implementing Services; Defining Service attributes (INPUT/OUTPUT); Service Event Condition Actions; Service groups; Handling Service errors
Writing Groovy Services
Mail Event Condition Actions; Entity Event Condition Actions; Chapter 5:The OFBiz Entity Engine; Introduction; Changing the default database; Connecting to a remote database; Connecting to multiple databases; Creating entity groups; Disabling automatic database checks; Mapping database data types; Creating a new entity model; Modifying an existing entity model; Building a view-entity; Chapter 6:OFBiz Security; Introduction; Securing communications ports; Disabling demonstration user accounts; Protecting OFBiz web pages; Creating user accounts
Protecting applications using security groups
Protecting views ("Tarpitting"); Retrieving forgotten passwords; Changing your password; Adding or changing SSL certificates; OFBiz single sign-on and the external login key; Chapter 7:WebTools; Introduction; Cache maintenance; Changing debug settings; Exporting database data to XML documents; Loading database(s) from XML documents; Managing internationalization labels; Using the SQL processor; Exploring the entity reference tool; Viewing OFBiz usage statistics; Uncovering artifact information; Working with temporal expressions
Chapter 8:Web Services

Sommario/riassunto

Over 60 simple but incredibly effective recipes for taking control of OFBiz

Us and Them; 10. The Contempt for Provincial Life; Notes; References and Bibliography; Index of Words and Phrases; Author and Subject Index
Sommario/riassunto	The American urban scene, and in particular New York's, has given us a rich cultural legacy of slang words and phrases, a bonanza of popular speech. Hot dog, rush hour, butter-and-egg man, gold digger, shyster, buttinsky, smart aleck, sidewalk superintendent, yellow journalism, breadline, straphanger, tar beach, the Tenderloin, the Great White Way,

to do a Brodie--these are just a few of the hundreds of popular words and phrases that were born or took on new meaning in the streets of New York. In *The City in Slang*, Irving Lewis Allen traces this flowering of popular expressions that accompanied the emergence of the New York metropolis from the early nineteenth century down to the present. This unique account of the cultural and social history of America's greatest city provides in effect a lexicon of popular speech about city life. With many stories Allen shows how this vocabulary arose from city streets, often interplaying with vaudeville, radio, movies, comics, and the popular songs of Tin Pan Alley. Some terms of great pertinence to city people today have unexpectedly old pedigrees. Rush hour was coined by 1890, for instance, and rubberneck dates to the late 1890s and became popular in New York to describe the busloads of tourists who craned their necks to see the tall buildings and the sights of the Bowery and Chinatown. The Big Apple itself (since 1971 the official nickname of New York) appeared in the 1920s, though first in reference to the city's top racetracks and to Broadway bookings as pinnacles of professional endeavor. Allen also tells fascinating stories behind once-popular slang that is no longer in use. Spielers, for example, were the little girls in tenement districts who danced ecstatically on the sidewalks to the music of the hurdy-gurdy men and, when they were old enough, frequented the dance halls of the Lower East Side. Following the trail of these words and phrases into the city's East Side, West Side, and all around the town, from Harlem to Wall Street, and into the haunts of its high and low life, *The City in Slang* is a fascinating look at the rich cultural heritage of language about city life.
