Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Introducing the Trio and their environment -- The immobilia of Amotopo -- Amotopoan mobilia and the village flux -- A history of Trio movements (1907-2008) -- Discussion and conclusions.
Sommario/riassunto	In this book the concept of mobility is explored for the archaeology of the Amazonian and Caribbean region. As a result of technological and methodological progress in archaeology, mobility has become increasingly visible on the level of the individual. However, as a concept it does not seem to fit with current approaches in Amazonian archaeology, which favour a move away from viewing small mobile groups as models for the deeper past. Instead of ignoring such ethnographic tyrannies, in this book they are considered to be essential for arriving at a different past. Viewing archaeological mobili
