Sommario/riassunto

This unique dictionary and introduction to Global Environmental Governance (GEG), written and compiled by two veterans of the international stage, provides a compilation of over 5500 terms, organizations and acronyms, drawn from hundreds of official sources. An introductory essay frames the major issues in GEG and outlines the pitfalls of talking past one another when discussing the most critical of issues facing the planet. It challenges those who are concerned with the management of our planet and its inhabitants to understand and accept a vocabulary common to the often-opposing objectives
