You're Having?' (Chapter 10) -- Appendix 9 The Clients' Major
Difficulties -- Appendix 10 The Relative's Perception Interview --
References -- Subject Index -- Author Index.

Sommario/riassunto

Drawing on contemporary theoretical concepts including multiple
selves, personal construct theory, intrapsychic survival and the effect of
historical and political factors on older people's well being, the author
calls for a more positive and constructive approach to improving the
lives of people with dementia.
