| Sommario/riassunto      | Mixing personal experience with factual research, Alexander examines vaccination and highlights some of the questions she believes should be at the forefront of parents' minds. This book aims to provide parents with the knowledge and curiosity needed to make an informed, confident decision about vaccination.                                                                                                                                                                                                                  |
