

1. Record Nr.	UNINA9911149271803321
Autore	Campesato Oswald
Titolo	Java Basics Using ChatGPT/GPT-4
Pubbl/distr/stampa	Bloomfield : , : Mercury Learning & Information, , 2023 ©2023
ISBN	9781501518911 1501518917
Edizione	[1st ed.]
Descrizione fisica	1 online resource (345 pages)
Collana	MLI Generative AI Series
Soggetti	Java (Computer program language) Computer programming
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book, 'Java Basics Using ChatGPT/GPT-4' by O. Campesato, provides a comprehensive introduction to Java programming. It covers fundamental concepts such as data types, operators, and Java Integrated Development Environments (IDEs). The book also delves into more advanced topics, including recursion, combinatorics, search and sort algorithms, and data structures like linked lists. Aimed at beginners and intermediate learners, the book is structured to enhance understanding of Java through practical tasks and examples. The author's goal is to equip readers with the necessary skills to develop Java applications effectively.
