Sommario/riassunto

This volume brings together the papers published in *Historiographia Linguistica* 9:3 (1982), which was devoted to the history of linguistics in Italy, with Marazzini's paper first published in *Historiographia Linguistica* 10:1/2 (1983), and an original article by Franco Lo Piparo expressly written for this volume. The present volume provides in addition an index of subjects, as well as an index of names, which supplies bio-bibliographical references to authors discussed.
