Sommario/riassunto

Would you like to find work that uses all your skills and passions? That can help you experience a great work/life blend? And that is flexible enough so you can thrive in difficult economic times? If your answer is yes, we encourage you to consider a portfolio career - essentially, doing two or more jobs for different employers. It begins by reframing work around you and playing to your greatest strengths. Part-time, full-time, working for yourself and/or for an organisation, the choice is yours. In the UK, at least a million people are already experiencing the benefits of a portfolio career.
