Sommario/riassunto

In this official history of the Falklands Campaign, Lawrence Freedman provides a detailed and authoritative account of one of the most extraordinary periods in recent British political history and a vivid portrayal of a government at war. After the shock of the Argentine invasion of the Falklands in April 1982, Margaret Thatcher faced the crisis that came to define her premiership as she determined to recover the islands. Freedman covers all aspects of the campaign - economic and diplomatic as well as military - and demonstrates the extent of the gamble that the government took. Th

The political challenge : descent to atrocities? -- The army's experience

: new weapons, new soldiers -- The scientific divide : chemists versus physicians -- Whose business is it? Dilemmas in the gas industry -- Gas as a symbol : visual images of chemical weapons in the popular press -- The reestablishment of the gas taboo and the public debate : will gas destroy the world?

Sommario/riassunto

The advent of poison gas in World War I shocked Britons at all levels of society, yet by the end of the conflict their nation was a leader in chemical warfare. Although never used on the home front, poison gas affected almost every segment of British society physically, mentally, or emotionally, proving to be an armament of total war. Through cartoons, military records, novels, treaties, and other sources, Marion Girard examines the varied ways different sectors of British society viewed chemical warfare, from the industrialists who promoted their toxic weapons while maintaining private contro
