Sommario/riassunto

Young people with Autism Spectrum Disorders (ASDs) can often find the step into adulthood and independence more difficult than their neurotypical peers, particularly where employment is concerned. The authors show, however, that with the right guidance and a positive attitude in schools, young people with ASDs can be every bit as happy and successful as those who are not on the spectrum. The book describes a programme developed over a number of years by teachers at a school for young people with ASDs, which successfully enabled autistic pupils to achieve their full potential. The authors explain
