

1. Record Nr.	UNINA9910632485403321
Titolo	Percutaneous Coronary Intervention for Chronic Total Occlusion : The Hybrid Approach // edited by Stéphane Rinfret
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2022
ISBN	9783031054372 9783031054365
Edizione	[2nd ed. 2022.]
Descrizione fisica	1 online resource (372 pages)
Disciplina	617.412 617.412059
Soggetti	Internal medicine Cardiovascular system Physiology Surgery Radiology Internal Medicine Cardiovascular Physiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. What is what: Important Definitions in Chronic Total Occlusion Percutaneous Coronary Intervention -- 2. The Histopathology of Chronic Total Occlusion and its Impact on Mode of Treatment -- 3. Who are Best Candidates for Chronic Total Occlusion Revascularization -- 4. When, Why and How to Assess Ischemia and Viability in Patients with Chronic Total Occlusion -- 5. How to Set Up a Chronic Total Occlusion Angioplasty Program -- 6. Equipment Requirement for Chronic Total Occlusion Percutaneous Coronary Intervention -- 7. The hybrid approach and its variations for Chronic Total Occlusion Percutaneous Coronary Intervention -- 8. When, Why and How to Perform a Good Angiography Analysis Prior to CTO PCI -- 9. Specific Basic Techniques to Master in Chronic Total Occlusion Percutaneous Coronary Intervention -- 10. When, Why and How to Perform an Antegrade Approach Using a Wiring Technique -- 11. When, Why and

How to Perform Wire-based antegrade Dissection and Re-entry technique. 12. When, Why and How to Perform Contemporary Device-Based Antegrade Dissection and Re-entry technique -- 13. How to Deal with Difficult Antegrade Issues -- 14. Intra-occlusion Microinjection of Contrast: When, Why and How -- 15. When, Why and How to Perform Antegrade Fenestration and Re-entry technique -- 16. When, Why and How to Perform the Retrograde Approach through Septal Collateral Channels -- 17. When, Why and How to Perform the Retrograde Approach through epicardial and non-septal collateral channels -- 18. When, Why and How to Perform the Retrograde Approach through Patent or Occluded SVGs -- 19. How to Cross the Occlusion Using a Retrograde Approach -- 20. How To Manage Ostial Chronic Right Total Occlusions and Externalization Techniques -- 21. CTO Stenting: Impact of Intraplaque and Extraplaque Strategies -- 22. When, Why and How to Recanalize In-Stent Chronic Total Occlusions -- 23. When, Why and How to Fix Common Problems Encountered in Chronic Total Occlusion Percutaneous Coronary Intervention: The Expanded Hybrid Approach -- 24. When, Why and How to Perform Subintimal Plaque Modification, Subintimal Tracking and Re-entry with Deferred Stenting for Failed Percutaneous Coronary Intervention Cases -- 25. Why IVUS when approaching a CTO? -- 26. How to Manage Calcified Chronic Total Occlusion lesions -- 27. How to Improve Catheter Support During Chronic Total Occlusion Percutaneous Coronary Intervention? -- 28. When, Why and How to Perform a Transradial Approach for Chronic Total Occlusion Percutaneous Coronary Intervention -- 30. When, Why and How to Use Left-Ventricular Assist Devices during Chronic Total Occlusion Percutaneous Coronary Intervention -- 31. Specific Considerations when Performing CTO PCI in Post CABG Patients -- 32. An Overview of Chronic Total Occlusion Percutaneous Coronary Intervention Complications -- 33. Management and Prevention of Perforations During Chronic Total Occlusion Percutaneous Coronary Intervention -- 34. How to Prevent and Manage Ischemic Complications During Chronic Total Occlusion Percutaneous Coronary Intervention -- 35. Managing Entrapped Gear During Chronic Total Occlusion Interventions -- 36. When, Why and How to Perform Robotic-Assisted Chronic Total Occlusion Percutaneous Coronary Intervention -- 37. How to Proctor New Operators to Learn Chronic Total Occlusion Percutaneous Coronary Intervention -- 38. How to Start and Build Your CTO Practice and Maintain Referrals in a Competitive Environment.

Sommario/riassunto

The second edition of this essential text provides readers with a detailed guide to performing various percutaneous coronary intervention (PCI) techniques for treating coronary chronic total occlusion (CTO). PCI continues to be an effective procedure to help patients with this pathology, with high success and low complications rates. Chapters feature a step-by-step approach to relevant techniques and describe their potential pitfalls, enabling the reader to develop a thorough understanding of how to perform those procedures successfully. Details of the latest methods for angiography analysis and the management of ostial CTOs, plus heavily revised chapters on topics such as contemporary device-based antegrade dissection and the retrograde approach through septal and non-septal collateral channels ensure that this Work remains the most up-to-date reference on the subject. *Percutaneous Intervention for Coronary Chronic Total Occlusion: The Hybrid Approach* represents a vital reference to assist practicing and trainee interventional cardiologist in learning these techniques. Various examples are provided, with a vast selection of still images and angiographic video loops to enable the reader become confident in applying these methodologies into their day-to day clinical

practice.

2. Record Nr.	UNIORUON00271238
Titolo	Da Caligari a Good bye, Lenin! : storia e cinema in Germania / a cura di Matteo Galli
Pubbl/distr/stampa	Firenze, : Le Lettere, c2004
ISBN	88-7166-853-7
Descrizione fisica	XXIV, 638 p., [15] c. di tav. ;22 cm.
Disciplina	791.43094
Soggetti	Cinematografo e storia FILM - Germania - Storia
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia
