Sommario/riassunto

Imagined Londons explores the diverse ways that Britain's "global city" has been imagined and represented in literature, history, the arts, and popular culture, from the mid-nineteenth century to the present day. American and British contributors examine a variety of topics, ranging from poetry to architecture, from dance music to gay pornography, from "tube" maps to the role of Bangladeshi communities in shaping contemporary London politics. Broadly interdisciplinary and deeply attentive to London's historical diversity, the book is unified by its attention to a single question: How have the many imaginations and representations of London shaped—and been shaped by—history and culture? The answers provided within this volume offer the chance to view London in surprising new ways.

3. Record Nr.	UNIORUON00426280
Autore	ARNAULD, Antoine
Titolo	La logique ou l'art de penser : contenant, outre les regles communes, plusieurs observations nouvelles, propres a former le jugement / Antoine Arnauld et Pierre Nicole ; éd. critique par Pierre Clair et Francois Girbal
