Sommario/riassunto	This volume presents an overview of the evolution of the current Chinese Constitution (1982) and the characteristics of constitutional studies since 1978. Readers are introduced to the basic principles of constitutional system in China and gain insights into the real state of Chinese law, allowing them to form their own opinions. It will also aid commercial communications with Chinese legal professionals as well as enterprises. The book covers a number of topics, including the history of constitutional communication between Chinese constitutionalists

and the International Association of Constitutional Law since 1981, the most important academic contributions to international conferences concerning constitutional law by Chinese constitutionalists, the main characteristics of the current Chinese Constitution in the field of constitutional studies in China, the key issues of constitutional practice and implementation in China, the challenges of running the fundamental political system of the People's Representative Congress and the characteristics of rule of law specific to China.
