Livello bibliografico	Monografia
Sommario/riassunto	This timely book assesses national and supranational bilateral approaches to dealing with the rising tide of migration into the European Union via the Mediterranean Sea. International law and EU migration law specialists critically assess the legal tools adopted to engage with the 'refugee crisis'. While the EU works to develop a unified approach to Mediterranean transit and origin countries, the authors argue that a crucial role should be accorded to individual states in finding a solution to this complex and sensitive situation.
