Sommario/riassunto	<p>Jesmyn Ward's acclaimed memoir shines a light on the community she comes from in the small town of DeLisle, Mississippi, a place of quiet beauty and fierce attachment. Here, in the space of four years, she lost five young black men dear to her, including her beloved brother – to accidents, murder and suicide. Their deaths were seemingly unconnected, yet their lives had been connected by identity and place. As Jesmyn dealt with these losses, she came to a staggering truth: the fates of these young men were predetermined by who they were and where they were from, because racism and economic struggle breed a certain kind of bad luck.</p> <p>The agonising reality brought Jesmyn to write, at last, their true stories and her own.</p>
