Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Participatory Research and Development: A Sourcebook Overview; Acknowledgements; Table of Contents; User's Guide; Index; Volume Overview; Technology Development; Strengthening Local Organizations; Multi-Stakeholder Based Natural Resource Management; Annex;
Sommario/riassunto	Research and development can no longer be the exclusive domain of scientists. To find sustainable solutions to development problems, a wider range of actors must be involved. It is crucial, for example, that local stakeholders provide input to the process. Participatory research and development (PR&D) offers such an inclusive model. This three-volume sourcebook provides easy access to field-tested PR&D concepts and practices for practitioners, researchers, and academic. As well, it presents a comprehensive overview of PR&D and will serve as a general reference for trainers, policymakers, donor
