

1. Record Nr.	UNIPARTHENOPE000007345
Titolo	Dall'espansione allo sviluppo : una storia economica europea / [di] P. Massa, G. Bracco, A. Guenzi... [et al.] ; con il coordinamento di Antonio Di Vittorio
Pubbl/distr/stampa	Torino : Giappichelli, c2005
ISBN	88-348-5700-3
Edizione	[2. ed.]
Descrizione fisica	XIV, 499 p. ; 24 cm
Altri autori (Persone)	Massa, Paola Bracco, Giuseppe Guenzi, Alberto
Disciplina	330.9402
Collocazione	330-D/14
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNINA9910458860603321
Titolo	Transborder governance of forests, rivers and seas // edited by Wil de Jong, Denyse Snelder and Noboru Ishikawa
Pubbl/distr/stampa	Washington, D.C. : , : Earthscan, , 2010
ISBN	1-280-87357-4 9786613714886 1-136-53810-0 1-136-53809-7 1-84977-558-3
Descrizione fisica	1 online resource (237 p.)
Altri autori (Persone)	IshikawaNoboru JongWil de SnelderDenyse J
Disciplina	333.75/16
Soggetti	Conservation of natural resources - International cooperation Forest conservation Marine resources conservation Stream conservation Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [181]-203) and index.
Nota di contenuto	Cover; Transborder Governance of Forests, Rivers and Seas; Copyright; Contents; List of Figures and Tables; List of Contributors; Foreword; Acknowledgements; List of Acronyms and Abbreviations; 1 Transnational Natural Resource Governance in Border Regions; 2 Social, Spatial and Sectoral Boundaries in Transborder Conservation of Central African Forests; 3 State-making and Transnationalism: Transborder Flows in a Borderland of Western Borneo 4 A Resource-hungry Malaysia, Transnational Mobile Peoples and the Absence of the State: A Lethal Combination for Natural Resources in Indonesia's Borderlands?5 Territorialization, Regionalism and Natural Resource Management in the Peruvian Amazon; 6 Territorialization Re-examined: Transborder Marine Resources Exploitation in Southeast Asia

and Australia; 7 Circumventing the Sea Cucumber War: Self-regulation of Sea Cucumber Fisheries in Rishiri Island, Japan; 8 Beyond Borders: Scaling-up Marine Turtle Conservation Through Transnational Arrangements

9 Adapting to Water Scarcity in a Changing Climate: The Role of Institutions in Transborder Settings10 Fighting Floods or Living with Floods? Streamlining Multiple Strategies of Flood Risk Management in Transborder River Basins; 11 Greater Mekong Subregion Cooperation in Hydropower Development and Power Interconnection: Potentials, Challenges and Progress; References; Index

Sommario/riassunto

Natural resources often stretch across borders that separate modern nation states. This can create conflict and limit opportunities for regulated consumption of their goods and services, but also provide opportunities for joint multinational efforts that exceed single country capabilities. This book illustrates the diversity of transborder natural resources, the pressures that they experience or the opportunities that exist for multinational regulatory regimes, monitoring and enforcement. It presents ten case studies of transborder natural resources that are of interest to two or more neighbori

3. Record Nr.	UNISA996397548803316
Autore	Culpeper Thomas, Sir, <1626-1697.>
Titolo	The advantages which will manifestly accrue to this kingdom by abatement of interest from six to four per. cent [[electronic resource]]
Pubbl/distr/stampa	London, : printed by T.L. for Christopher Wilkinson, at the Black-Boy over against St. Dunstans Church in Fleetstreet, 1668
Descrizione fisica	1 sheet ([1] p.)
Soggetti	Usury - England Interest - England
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Signed at end: T. C. (i.e. Sir Thomas Culpeper). Reproduction of the original in the Goldsmiths' Library, University of London.

4. Record Nr.	UNINA9910298296003321
Titolo	Nitric Oxide and Cancer: Pathogenesis and Therapy // edited by Benjamin Bonavida
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
ISBN	3-319-13611-9
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (319 p.)
Disciplina	610 611.01816 614.5999 615 616.9041
Soggetti	Cancer - Research Molecular biology Pharmacology Drug resistance Cancer Research Molecular Medicine Pharmacology/Toxicology Drug Resistance
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	Inflammation-associated Carcinogenesis Involved Interaction Between with iNOS/NO and WNT/beta-catenin -- NO and Genomic Stability -- Targeting Hyponitroxia in Cancer Therapy -- Mechanism of NO-dependent Regulation of Invasion and Metastasis -- NO Role in Protumorigenesis and Hypoxia -- Impacts of S-nitrosylation in Cancer -- S-nitrosylation of Cancer Cells -- Role of S-nitrosylation in Cancer Metastasis -- NO Immunity and Cancer -- Regulation of Anti-tumor Responses by NO -- NO Immune Modulation and Tumor Growth -- Role of NO in Chemo-immune Resistance -- Emerging Role of NO-mediated Therapeutics -- PDT and NO -- Regulation of Cell Death by

NO -- Discovery and Development of RRx-001 -- Nitric Oxide
Coagulation and Cancer -- Neutrosphyngomyelinase 2.

Sommario/riassunto

Nitric Oxide and Cancer: Pathogenesis and Therapy provides the latest research and applications of nitric oxide (NO) in cancer written by experts in the field. The volume reviews significant advances in the biochemical and molecular biology of NO-mediated effects in cancer. Additionally, it explores NO and its relationship to cancer, delineating its roles in the pathogenesis, prognosis, gene and protein modifications, regulation of resistance to cytotoxic drugs and immunotherapies, and potential therapeutic applications. Nitric Oxide and Cancer addresses the burgeoning interest in a rapidly advancing field, and serves as both a valuable resource for scientists, clinicians, students, and health professionals and a reference for teaching and educational purposes.
