ISBN	1-59332-575-4
Descrizione fisica	1 online resource (191 p.)
Collana	Criminal justice
Disciplina	364.36
Soggetti	Juvenile delinquency Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 169-178) and index.
Nota di contenuto	Introduction -- Moffitt's taxonomy -- A new approach -- Baltimore prevention program -- Measuring delinquency -- Developmental trajectories -- Which model fits best? -- Moffitt's predictors of group membership -- Comprehensively testing Moffitt's theory -- Discussion and conclusions.
Sommario/riassunto	In 1993 Terrie Moffitt offered a developmental taxonomy of delinquency that proposed three distinct types of juveniles: Life-course-persistent offenders, Adolescence-limited offenders, and Abstainers. Saunders tests both Moffitt's theory and the modeling methodologies and statistical software that have been used to test it. Saunders finds that group-based trajectory modeling technique is insufficient in capturing the hypothetical subpopulations specified by Moffitt's theory. Findings were mixed with respect to Moffitt's hypotheses about the development of delinquency and its causes and c

2. Record Nr.	UNIPARTHENOPE000037412
Autore	Rugi, Goriano
Titolo	Tempo e inconscio [risorsa elettronica] : inattualità e creatività in Wilfred R. Bion / Goriano Rugi ; prefazione di Giuseppe Civitarese
Pubbl/distr/stampa	Milano, : Angeli, 2023
Titolo uniforme	Tempo e inconscio
ISBN	978-88-351-4708-4
Descrizione fisica	231 p. ; 23 cm : 1 testo elettronico
Collana	Gli sguardi ; 22
Disciplina	150.195092
Collocazione	E-BOOK
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Modalità di accesso: World Wide Web
Nota di contenuto	Indice del libro free access: (http://digital.casalini.it/9788835152637)
Sommario/riassunto	Il pensiero di Bion è scomodo, irritante, inattuale, in tempi in cui prevalgono l'anestesia e il pensiero di massa; in cui è prassi usuale ridurre problemi emotivi e relazionali a semplici operazioni cognitive. Tempo e inconscio sono i due temi, cardinali, che il volume affronta, per evitare la gergalità bioniana e fare un confronto tra Freud e Bion

Nota di contenuto	Liberal Vienna -- Scientific materialism -- Philosophical irrationalism -- Thinking about sexuality and gender -- Gender and character -- Gender and method -- Gender and ethics -- Gender and modernity -- Science and the writer -- Sexuality and ethics -- Ideology and soul -- Gender and the other condition -- The war and the writer -- The novel and national socialism -- Eros and apperception : 1938-1955 -- Ideology and the novel.
Sommario/riassunto	Although we usually think of the intellectual legacy of twentieth-century Vienna as synonymous with Sigmund Freud and his psychoanalytic theories, other prominent writers from Vienna were also radically reconceiving sexuality and gender. In this probing new study, David Luft recovers the work of three such writers: Otto Weininger, Robert Musil, and Heimito von Doderer. His account emphasizes the distinctive intellectual world of liberal Vienna, especially the impact of

Schopenhauer and Nietzsche in this highly scientific intellectual world. According to Luft, Otto Weininger viewed human beings as bisexual and applied this theme to issues of creativity and morality. Robert Musil developed a creative ethics that was closely related to his open, flexible view of sexuality and gender. And Heimito von Doderer portrayed his own sexual obsessions as a way of understanding the power of total ideologies, including his own attraction to National Socialism. For Luft, the significance of these three writers lies in their understandings of eros and inwardness and in the roles that both play in ethical experience and the formation of meaningful relations to the world—a process that continues to engage artists, writers, and thinkers today. Eros and Inwardness in Vienna will profoundly reshape our understanding of Vienna's intellectual history. It will be important for anyone interested in Austrian or German history, literature, or philosophy.
