Sommario/riassunto	Adopting an international perspective, the essays in this volume look at the motives, methods and impact of enforcing the Protestant Reformation in Ireland and Scotland. The volume offers a fascinating insight into how the political authorities in Scotland and Ireland attempted, with varying degrees of success, to impose Protestantism on their countries. By comparing the two situations and placing them in the wider international picture, our understanding of European confessionalization is further enhanced.

3. Record Nr.	UNINA9910132154003321

Sommario/riassunto	The only complete history of the Eurobond market in print Bonds without Borders: A History of the Eurobond Market provides a big-picture understanding of the birth and growth of the world's largest international market for capital-Eurobonds. International capital investment is a hot topic and this unique book is an essential resource for anyone interested in understanding cross-border bonds. The narrative starts at the very beginning, with the origin of international debt financing in medieval Italian city-states. Tracing cross-border debt through the ages, Bonds without Borders covers the fi
