Sommario/riassunto

This fifth edition of Health Promotion and Aging has been substantially revised and updated with multiple new sub-sections, topics, and terms in each chapter. This book presents a wide scope of cutting-edge topics including gay aging, Jewish aging, social networking, brain games, the Obama administration's health care reform, mental health parity, exploritas, Wii-habilitation, elderspeak, skin cancer, Family Smoking Prevention and Tobacco Control Act, Senator Ted Kennedy's government-run long term care proposal, and sleep-related medical disorders. . . This book is focused on current research
