Khayke, What Did You Do with the Koshering Pot?
Sommario/riassunto	Acclaimed translator Hillel Halkin offers the first English translation of a classic of Yiddish literature, considered one of the great comic novels of the twentieth century. The Zelmenyaners describes the travails of a Jewish family in Minsk that is torn asunder by the new Soviet reality. Four generations are depicted in riveting and often uproarious detail as they face the profound changes brought on by the demands of the Soviet regime and its collectivist, radical secularism.
