Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (pages 147-155) and index.
Nota di contenuto	Introduction : trade versus development? -- 1. Trade negotiations and trade liberalization -- 2. Key issues, misconceptions, disagreements and alternative paradigms -- 3. Dumping and subsidies : unraveling the confusion -- 4. The impacts of liberalized agricultural trade -- 5. Alternatives for a different agriculture and food system -- Conclusion : another food system is possible.
Sommario/riassunto	"Peter Rosset explains how the free trade policies and neoliberal economics of the WTO, American government and EU give us a food system that no one outside a small corporate elite wants. This guide sets out an alternative vision for agricultural policy taking it outside the WTO's ambit. Food is not just another commodity to be bought and sold. It goes to the heart of human livelihood and society."--Jacket.
