Sommario/riassunto

Lesbians and gays have gone from "coming out," to "acting up," to "outing," meanwhile radically redefining society's views on sexuality and gender. The essays in Inside/Out employ a variety of approaches (psychoanalysis, deconstruction, semiotics, and discourse theory) to investigate representations of sex and sexual difference in literature, film, video, music, and photography. Engaging the figures of divas, dykes, vampires and queens, the contributors address issues such as AIDS, pornography, pedagogy, authorship, and activism.
