The data; 6.1 Explicit instruction and pragmatic competence; 6.2 Coursework and instruction; 6.3 Methodology; 6.3.1 Participants; 6.3.2 Rationale; 6.3.3 Procedure; 6.4 Results and discussion Chapter 7. Conclusion References; Appendix. Editorials; News reports; Index
Sommario/riassunto	This book probes into under-researched issues in L2 pragmatics. Firstly, pragmatic competence, pragmatic awareness and metapragmatic awareness are re-defined and clearly distinguished on theoretical grounds. Secondly, pragmatic competence and its manifestations are evaluated on empirical grounds by distinct criteria and validated testing measures. More importantly, genuine pragmatic inference is elicited in contexts of online interpretation where figurative speech plays a central role. Genre-specific discourse which occurs in editorials and news reports serves as a natural testbe
