Sommario/riassunto	This document specifies the data model and Extensible Markup Language (XML) representation for the Extensible Configuration Checklist Description Format (XCCDF) Version 1.1.3. An XCCDF document is a structured collection of security configuration rules for some set of target systems. The XCCDF specification is designed to support information interchange, document generation, organizational and situational tailoring, automated compliance testing, and compliance scoring. The specification also defines a data model and format for storing results of security guidance or checklist compliance testing. The intent of XCCDF is to provide a uniform foundation for expression of security checklists and other configuration guidance, and thereby foster more widespread application of good security practices.

Sommario/riassunto	This collection of essays on Zimbabwean literature brings together studies of both Rhodesian and Zimbabwean literature, spanning different languages and genres. It charts the at times painful process of the evolution of Rhodesian/ Zimbabwean identities that was shaped by pre-colonial, colonial and post-colonial realities. The hybrid nature of the society emerges as different writers endeavour to make sense of their world.Two essays focus on the literature of the white settler. The

first distils the essence of white settlers' alienation from the Africa they purport to civilize, revealing the de
