

1. Record Nr.	UNISA990000801630203316
Titolo	Scuola Medica Salernitana : le sedi
Pubbl/distr/stampa	19.
Descrizione fisica	4 c. ; 31 cm
Disciplina	610.94574
Collocazione	XV.1.A. Misc. 280(V G MISC.2/1)
Lingua di pubblicazione	Molteplice
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Il testo è in italiano, inglese, spagnolo, tedesco e francese
2. Record Nr.	UNINA9910457878403321
Titolo	Pre-eclampsia : etiology and clinical practice / / [edited by] Fiona Lyall, Michael Belfort [[electronic resource]]
Pubbl/distr/stampa	Cambridge : , : Cambridge University Press, , 2007
ISBN	1-107-17468-6 1-280-91703-2 9786610917037 0-511-32214-3 0-511-28962-6 0-511-29022-5 0-511-28830-1 0-511-54563-0 0-511-28898-0
Descrizione fisica	1 online resource (xvii, 548 pages) : digital, PDF file(s)
Collana	Cambridge medicine
Disciplina	618.3/6132
Soggetti	Preeclampsia
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia

Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Half-title; Title; Copyright; Dedication; Contents; Contributors; Preface; PART I Basic Science; PART II Clinical Practice; Subject Index
Sommario/riassunto	Pre-eclampsia is one of the leading causes of death and disability in mothers and babies. Over four million women worldwide will develop the disorder every year. This book, written by an international team of experts, focuses on both the scientific basis of pre-eclampsia and its management. The basic science section contains reviews of the most exciting research developments in pre-eclampsia. The clinical chapters provide a comprehensive review of the pertinent literature, highlighting data and ideas or developments in management. There is a section in each chapter (where relevant) that deals with practical management, giving clinicians a formulated treatment plan that they can implement directly. The book was originally published in 2007, and will have continuing relevance for all professionals interested in the reproductive sciences, and to obstetricians and physicians with an interest in pre-eclampsia.
