

1. Record Nr.	UNISA990001092220203316
Autore	GALBRAITH, John Kenneth
Titolo	I grandi problemi / John Kenneth Galbraith
Pubbl/distr/stampa	Milano : Edizioni di comunità, 1960
ISBN	88-17-85342-9
Descrizione fisica	182 p. ; 23 cm
Collana	Saggi di cultura contemporanea ; 1
Disciplina	330.09
Soggetti	Economia - Teorie - Storia
Collocazione	XXX.A. Coll. 40/ 9 (COLL CY 1) II.5. 2137(VI soc L 44)
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNINA9910788551003321
Autore	Plag Ingo
Titolo	Introduction to English linguistics [[electronic resource] /] / by Ingo Plag ... [et al.]
Pubbl/distr/stampa	Berlin ; ; New York, : Mouton de Gruyter, c2007
ISBN	3-11-019834-7
Edizione	[1st. ed.]
Descrizione fisica	1 online resource (260 p.)
Classificazione	HF 100
Disciplina	420
Soggetti	English language Linguistics English language - Grammar
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [238]-242) and index.
Nota di contenuto	Front matter -- Preface -- Table of Contents -- Abbreviations and notational conventions -- Introduction: what this book is about and how it can be used -- Chapter 1. The sounds: phonetics -- Chapter 2. The sound system: phonology -- Chapter 3. The structure of words: morphology -- Chapter 4. The structure of sentences: syntax -- Chapter 5. The meaning of words and sentences: semantics -- Chapter 6. Studying language in use: Pragmatics -- Chapter 7. Extensions and applications: historical linguistics, sociolinguistics and psycholinguistics -- Glossary -- References -- Subject index
Sommario/riassunto	The book introduces beginning university students of English to the study of English linguistics. The major difference between this book and its potential competitors lies in its hands-on didactic orientation, with a strong focus on linguistic analysis and argumentation. Language and linguistic theory are approached from a strictly empirical perspective: given a certain set of data to be accounted for, certain theoretical and methodological problems must be solved in order to analyze and understand the data properly. Thus, the theoretical apparatus is crucially developed in conversation with the data, and not presented as a set of given facts. After having worked with the book, the students should be able to use necessary methodological tools to obtain relevant data (such as corpora, dictionaries, experiments), and

to systematically analyze their data and relate their findings to theoretical problems. The book is not written from the perspective of a particular theoretical framework and draws on insights from various research traditions. Introduction to English Linguistics concentrates on gaining expertise and analytical skills in the traditional core areas of linguistics, i.e. phonology, morphology, syntax, semantics and pragmatics. The final chapter on "Extensions and applications" widens the perspective to other areas of linguistic research, such as historical, socio- and psycholinguistics. Exercises and a glossary are also provided.
