Building attachment relationships following maltreatment and severe deprivation / Charles H. Zeanah &amp; Anna T. Smyke -- 10. The nurse-family partnership : foundations in attachment theory and epidemiology / David L. Olds -- 11. Enhancing early attachments in the context of Early Head Start : Can programs emphasizing family support improve rates of secure infant-mother attachments in low-income families? / Susan Spieker, Dana Nelson, Michelle DeKlyen, &amp; Fredi Staerkel -- 12. Tales from the capitol : tried, true, and not-true strategies for increasing policy support for programs to enhance early attachment / Geoffrey Nagle &amp; Joan Wightkin -- Commentaries. Why less is more : from the Dodo bird verdict to evidence-based interventions on sensitivity and early attachments / Marinus van IJzendoorn, Marian J. Bakermans-Kranenburg, &amp; Femmie Juffer -- Models versus metaphors in translating attachment theory to the clinic and community / Thomas G. O'Connor &amp; Wendy J. Nilsen -- Enhancing early attachments : synthesis and recommendations for research, practice, and policy / Mark T. Greenberg.</p>
Sommario/riassunto	<p>Synthesizing the latest theory, research, and practices related to supporting early attachments, this volume provides a unique window into the major treatment and prevention approaches available today. Chapters address the theoretical and empirical bases of attachment interventions; explore the effects of attachment-related trauma and how they can be ameliorated; and describe a range of exemplary programs operating at the individual, family, and community levels. Throughout, the authors consider cross-cutting issues such as the core components of effective services and appropriate outcome</p>
