McDorman.

Sommario/riassunto

International Law and Politics of the Arctic Ocean: Essays in Honor of Donat Pharand is a collection of essays in honor of Professor emeritus Donat Pharand by leading Arctic experts from around the globe. The volume offers a clear, concise and detailed analysis of many of the issues an expanded use of the Arctic Ocean raises and of critical importance for the legal and political processes unfolding in the Arctic region.

Sommario/riassunto	This volume provides a comprehensive guide to three major theaters of combat: the Atlantic, the Mediterranean, and the Indian Ocean. The war at sea was a critical contest, as sea-lanes provided the logistical arteries for British and subsequent Allied armies fighting on the three continents of Africa, Asia, and Europe. Land forces ultimately won World War II, but the battles at sea fundamentally altered the balance of military power on the ground.
